

Dear Customer:

At Jeffries Bros., Inc., we are pleased to offer a fleet fueling program that can provide you the controls and features to effectively manage your fleet. Your entire fueling account, or individual cards, can be customized to your driver's requirements offering enhanced features and stringent controls:

Day of Week Fueling Limits

Our system works on your fleet's schedule. You determine the days of week your drivers can access fuel. Monday through Friday, weekends only or no limits... the choice is yours.

Time of Day Fueling Limits

What time of day do you want your drivers to fuel? Morning, evenings, no restrictions. It's your call.

Per Day Transactions Limits

You can request all fuels, or diesel only, based on your driver's need.

Internet Access

When you use your Jeffries Bros., Inc card you are part of a live network that can offer fueling information via the Internet seconds after your drivers have fueled. With Jeffries Bros., Inc you have the ability to view active and inactive cards, even transactions and authorizations. And this can all be done 7 days a week, 24 hours a day from your office, when you're on the road, even from you home computer!

At Jeffries Bros., Inc, we strive to offer you the latest technology available today to manage your bottom line. Attached, is a Account Requirement Form that includes our Security Features Profile. Whether by account or card, Jeffries Bros., Inc is here to ensure you receive the full benefit of fuel management.

For more information, please give us a call at (661) 758-3072 Ext. 23. We look forward to serving you.
